

Who you are:

Are you the kind of person who fixes the toaster when it breaks, works on cars to squeeze every bit of efficiency out of the engine, or builds up a superior computer system to rule all others? If so, we want you to join our production team!

Who we are:

Speed and creativity fuels the core of our organization. We answer the call to design and manufacture custom flow controllers faster than our off-the-shelf competitors can pick up the phone. Alicat Scientific recruits only the most motivated and inventive persons to help build our tailor-made, versatile technology.

Alicat's crack team, from the president to the machinist, collaborate daily to provide plug-and-play solutions to the problems of industry-leading companies, working with their top-tier engineers and scientists. We focus on the details so engineers can concentrate on saving lives with oxygen delivery systems, scientists can fine tune rocket guidance systems, and biologist can refine the biomass fuel production process...and much more.

You get to:

- Craft unique devices from raw materials; metal, PCBs, sensors, elastomers and valves.
- Have a say in work order guides and operating procedures, working with the Engineers.
- Continuously develop electromechanical skills; communication protocols, soldering, etc.

What you need:

- Computer skills (Word, Excel, Internet navigation, etc.).
- A can-do attitude and desire to tackle problems as a team.

We will train you on various procedures throughout the manufacturing process, both to develop a flexible team with an array of expertise and to give you the opportunity to acquire experience in a technological field.

Want to develop new skills and get in on Star Wars Friday?

Send in your Resume and a Cover Letter, or give us a call to find out more.

Job Type: Full-time

Starting Pay: \$15 per hour

Our Other Benefits Include:

- Health, Dental and Vision Insurance (Alicat pays half) – Stay Healthy
- Tuition reimbursement – Keep Learning
- 9 days PTO to start, which increases annually - Begin Adventures
- 401K with company matching up to 3% (& 2% potential bonus) - Retire Happy
- 14 weeks paid maternity/paternity leave – Nurture Children

COVID-19 considerations:

To help prevent the spread of COVID-19, we are following the CDC guidelines for essential personnel. Alicat requires face masks at all times (provided at every entry point), temperature checks on entry, and proper hand washing with hand sanitizer stations throughout the building.
